

June 25, 2014

Dear Homeowner,

Enclosed you will find an application for you to fill out for your home to be considered for the refurbishing services that Rebuilding Together Knoxville performs. Please fill out and return to address below.

Since we do not charge for repairs and renovations, we rely on funding from national and local corporations. The amount of funding we get each year varies and, therefore, the number of people we can serve each year also varies. Selections are based on income, most pressing need, cost of the project and available funding, among other considerations.

Our ability to serve those on our waiting list is based upon the above but also the number of applicants and when you applied (we try to serve those waiting the longest). Depending on funding available and when you apply, you could get served in 2 months or two years. If you have a repair project of an emergency nature, I urge you to contact other agencies/organizations in the Knoxville area that provide these services.

At this particular time we are serving homeowners in Knox County only, but we hope to expand our services to surrounding counties in the coming years. I promise we will do our best to help as many people as we can, as fast as we can.

Sincerely,

Chris Bieger
President
